

Missouri State Public Health Laboratory

Laboratory Fees

Submitters will be charged fees on clinical specimens submitted for testing as follows:

Newborn Screening (as provided for in [19 CSR 25-36.010](#)): **\$65.00** (effective 2/1/2010)

(6) Effective January 30, 2008, a fee of up to sixty-five dollars (\$65) shall be charged for each specimen collection form used to obtain a newborn screening blood specimen. If the State Public Health Laboratory determines a submitted blood specimen to be unsatisfactory for testing, then a replacement specimen collection form will be made available without the fee being imposed. The Department of Health and Senior Services may collect the fee from any entity or individual described in 191.331.1, RSMo.

Tuberculosis (as provided for in [19 CSR 25-38.020](#)): **\$48.00**

(1) A fee of forty-eight dollars (\$48) shall be charged for each clinical specimen submitted to the State Public Health Laboratory for tuberculosis testing. Clinical specimens include raw sputum samples, gastric lavage samples, urine specimens or pleural, spinal, and joint fluids, other exudates or tissue samples.

Blood Lead (as provided for in [19 CSR 20-8.030](#)): **\$16.50**

(6) Fee for Blood Lead Test Analysis. The State Public Health Laboratory shall charge a fee of sixteen dollars and fifty cents (\$16.50) for each blood lead test performed by the laboratory. Such fee may be waived by the director of the Department of Health and Senior Services during an epidemiological investigation of vital importance to the public health.

Handling Charges

As provided in [19 CSR 25-38.010](#), submitters may be charged a handling charge of **\$10.00** per sample submitted for testing. Such tests that may be charged include, but are not limited to:

Drinking Water Testing from Private sources

Bordetella pertussis

Parasitology

HIV

Virus Culture
